Alina Cruz

1818 5<sup>th</sup> Street

St. Paul, MN 55109

Dear Ramsey County,

I am writing this letter on behalf of a client, Alina Cruz (DOB 9/22/1961.) Alina continues to struggle with deteriorating functioning of her memory. This along with other mental health conditions, have been a barrier to getting the necessary supports and repairs required by the city for her home. Her challenges with her memory continue to worsen as time goes on. It is critical she does not lose her housing while services are established for her care. Her sister has agreed to be the point of contact and is listed below. She is actively seeking resources to prevent her home from being condemned and states she needs time for the contractors to complete the work. Alina struggles with short-term memory loss as evidenced by her inability to find her way places, often getting lost and not knowing where she is when in places she is historically very familiar. Her family is dedicated to finding the necessary resources and supports in place and asks that she is given a chance to save her home. I have included her son's and sister's information on this letter. If you should have any questions, please feel free to call anytime.
