L Remarks:

Fire companies were dispatched for smoke in a commercial building. Upon arrival Engine 18 saw black smoke coming from the front door and took command and assigned companies. Engine 18 got their own water supply and pulled an attack hose line through the A/B door.

Engine 20 arrived and was assigned to pull a backup hose line. Engine 5 arrived and got a water supply for Engine 20. The call for additional fire companies was upgraded to a fire assignment. District Chief 1 arrived and took command.

Ladder 18 cleared a primary search of the first and second floors. Squad 2 was RIT. District Chief 2 was the Safety Officer. Engine 18 reported the fire area was found in the basement and was out for the most part when they entered the fire room. Ventilation and overhaul were completed. Car 20-Fire Investigator Tweed investigated. Red Cross was called for displaced occupants and DSI was on scene. The building owners were also on scene. All residents were reported out and the searches were all clear.
