

Petition Against the Construction of a Road Median In Front of Marshall Liquor

Marshall Liquor needs your help!!

The City of Saint Paul is planning on placing center medians on Marshall Ave, from mid-block between Wilder and Moore to mid-block between Wilder and Cleveland. This would prevent eastbound traffic from entering our parking lot, force patrons to head west as they exit, and also block north-south traffic on Wilder Ave.

This will create a huge inconvenience for our customers who use our lot, which is a good portion of people who shop here. Patrons coming from the west would need to u-turn at Prior Ave, or drive through the residential neighborhood in order to get to us. We believe this inconvenience will eventually lead customers to go elsewhere. We are afraid that by restricting the accessibility of our business, we will lose a substantial amount of customers.

We need to prevent this median from being placed in front of our business and negatively affecting our livelihood. If the construction of this median impacts your ability to use our parking lot or affects your decision to shop here, please help by signing our petition. This petition needs to be presented by February 7, 2014, to Ward 4 City Councilmember Russ Stark. Alternatively, you can contact councilmember Russ Stark (ward4@ci.stpaul.mn.us) or Saint Paul City Engineer Paul St. Martin (paul.st.martin@ci.stpaul.mn.us) to express your concerns. Thank you for your support!

The Kim Family, Marshall Liquor owners since 1991

Top Comments Regarding Median Proposal

- * Marshall already slow enough, especially when there is an accident or lane closure on hwy 94, Marshall to Lake St. has been a major thoroughfare connecting St. Paul and Minneapolis for a long time
- * inconvenient, Coastal Seafoods brought up many times as a business customers frequent less or not at all since introducing medians in front of its entrance
“Some places I don’t go as often because they are harder to get to.”
- * people involved in real estate claim the median will reduce property as well as business value
- * business manager had a retail store close down in 5 years after introduction of a median restricting its accessibility, liquor store in Forest Lake experiencing similar consequences
- * divert additional traffic into residential neighborhood
- * Ramsey County property assessor “Restriction of access is not a good thing.”
- * takes away critical passing lane for emergency vehicles
- * promotes jay-walking, gives people a false sense of security standing in the middle of the road
- * “Time to find a new spot [liquor store].”
- * can still accomplish same goal by leaving it in the residential block and not bleed into commercial block of Marshall
- * south-side businesses lose lane for deliveries, trucks too big to go through the alley
- * University of St. Thomas (20-30% of our business) is west of our location
- * pushes traffic closer to the bike lane and cyclists, less of a buffer between motorists and cyclists
- * median more appropriate closer to Prior: Four Seasons Elementary School (318 Moore St.) and St. Marks (Prior Ave.) would benefit from a median, safer for the kids, Merriam Park is north between Wilder and Prior as well
