Subject: 720 East 7th Street

Hi Jake,

As a Dayton's Bluff resident who lives a couple blocks from the purposed senior housing at 720 7th Street East between Maple and Bates I am against the conditional use permit for a 45 foot building height. The building as purposed is too tall and large and it does not fit in with the height and size of anything in the neighborhood. Metro State did a good job of working with the community on their size issues. 113 units are too many for that small of an area. There is no green space and only a small plaza for the residents to spend their outside time.

Take care,

Karin DuPaul
