Subject: Bike Lanes on Cleveland Avenue

With every issue of the Highland Villager, there is item after item reflecting how the City is at odds with the people who live in the city and pay its bills. At the top of the current list is the idea to add bike lanes to Cleveland Avenue all across our district. The result will be dangerous congestion and, most likely in our view, accidents between cars and bikes (and perhaps, buses) along this route, not to mention critical changes in parking and driving patterns. These changes fall primarily on the people who live and work here - not those passing through on their fancy foreign bicycles. We would urge you to vote no on this proposal. Please stand up for our neighborhood...
