**Subject:** Re: Marcia Moermond - Query Regarding Requested Photos for 1419 Alaska  
**Attachments:** MBR1.jpg; MBR2.jpg; 2ndBDRM.jpg; Vent Sketch.jpg

Mai:

Please see the attached photos showing the heating and A/C duct in both main bedrooms: MBR1.jpg and MBR2.jpg are photos of the master bedroom, showing the vent below the window; 2ndBDRM.jpg is a photo showing the vent below the window in the second bedroom. There is also a sketch showing dimensions of the duct and its dimensions relative to the floor. All are as requested by Marcia.

Note that the required step will not only impede vent airflow, but, if permanently attached, will preclude removing the vent cover for future duct cleaning and will also block the electrical receptacle and telephone jack.

Please inform me if I need to be present at the 8 May hearing and if you need further photos or dimensions.

Sincerely,  
Kirk D. Anderson
