Sound Level Variance Application

City of Saint Paul Noise Ordinance (Chapter 293)

Note: A public hearing before the Saint Paul City Council is required. Application and fee must be received no fewer than forty five (45) days prior to the public hearing date that is before the requested Variance start date.

1. Organization/person seeking variance: VISIT SAINT PAUL
2. Mailing Address w/zip code: 175 Kellogg Blvd West Saint Paul MN 55102
3. Responsible person: Adam Johnson Title: VP of Marketing
4. Event Name: Crushed Ice Village on West 7th
5. Telephone: (651) 265-4904 E-Mail: ajohnson@VISITSAINTPAUL.COM
6. Date(s) during which the variance is requested: February 4, 2017
7. Noise source - Time(s) of operation: 2pm - 1am
- Time(s) of pre-event sound check: -
8. Address or legal description of Noise source: _____

9. Sound level requested: ~~102~~

10. Describe the noise source and all equipment involved: SEE

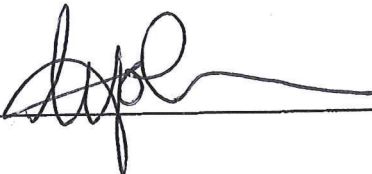

11. Describe the steps that will be taken to minimize the noise levels: ATTACHED

12. State reason for seeking variance: (E.g. music, announcements, construction, etc.) _____

13. Attach site diagram showing location of noise source(s), streets, stages, tents, etc. (If there will be amplified sound, indicate location and direction that all speakers will be facing.) Multiple locations may require more than one application.

14. Return completed Application, Site Diagram, and \$169.00 fee to: **CITY OF SAINT PAUL**

DEPARTMENT OF SAFETY AND INSPECTIONS
375 JACKSON STREET, SUITE 220
SAINT PAUL, MN 55101-1806

Signature of responsible person:  Date: 12/5/16

7. Noise source time of operation

2pm-11pm outdoor music at Cossetta's, Tom Reid's and Eagle Street
2pm-1am – Tent Music at Burger Moe's and Cossetta's

8. Address or legal description of noise source:

DJ/Live Music from tent in Burger Moe's Parking Lot - 242 7th Street West
DJ Live Music from tent in Cossetta's parking lot - 211 7th Street West

DJ Music under overhang in front of Cossetta's - 211 7th Street West

DJ Music outside Tom Reid's - 258 7th Street West
DJ Music outside Eagle Street/The Liffey - 174 7th Street West

9. Sound Level Requested

100 decibels, 50 ft from the source of all locations 2pm until 11:00pm
95 decibels, 50 ft from the source of the tent contained locations 11pm until 1am

10. Briefly describe the noise source and equipment involved:

DJ Stands are your basic setup at Eagle Street Grill, Cossetta's and Tom Reid's

Red Bull set up in the tent includes the following:

- 4x JBL P X515 Speakers
- Powered by 2 Crown Macro-Tech 12000i Amplifiers

- 2x JBL V X915S 15" High Power Flying Subwoofers
- Driver & Passenger Side
- Powered by 1 Crown Macro-Tech 12000i Amplifier

11. Describe the steps that will be taken to minimize the noise levels

Red Bull and Visit Saint Paul are very cognizant of the neighbors near the event location including those in Irvine Park and Irvine Park Towers as well as residents off of Chestnut Street behind Cossetta's. We would like to work closely with DSI to get some accurate measurements of the sound these events produce. We will utilize a decibel reader and do some readings throughout the day and evening. Production crews will have decibel readers to ensure they are staying below the 95 decibel at 50ft reading. As the organization with the name on the sound variance for the full event, Visit Saint Paul will be sure all entities are aware of sound level restrictions.

12. Briefly state reason for seeking variance:

We are seeking this variance in conjunction with the Red Bull Crashed Ice Championships event taking place in front of the Cathedral.

West 7th will be the Crashed Ice Village for fans of the event to come to before and after the event. We are seeking the variance to play music from five locations (three outdoors, two in a tent from 2-11pm and then two in the tents until 1am.) This is a national event that Saint Paul is the only US location to host 6 times. Red Bull is flying in nationally renowned DJs to perform at this Crashed Ice Village and it is imperative that this sound variance be considered for the experience of our visitors. The extended time is due to the fact that the event on the hill runs until 9pm and by 9:30 most of the people have made it down to the Village for the after party. An extra half hour in the street and hour in the tents allows for it to feel like an actual after party event.

13. Attach site diagram showing location of noise source(s), streets, stages, tents, etc. (If there will be amplified sound, indicate location and direction that all speakers will be facing.)

See attached

Blue is the tent locations

Rust is the DJ locations at each end and in front of Cossetta's

Red arrows indicate flow of sound.
