Dear Council President Stark and Councilmember Thao:

At its monthly member meeting on July 13, 2016, the Selby at Snelling Business Association passed the following motion:

“The Selby at Snelling Business Association supports adding a turn lane directing traffic from westbound Selby Avenue to turn right onto Saratoga Street, travel west on Dayton Avenue, and turn right onto Snelling Avenue Northbound. It strongly advocates adding traffic calming measures at the corner of Selby Avenue and Saratoga Street as well as the corner of Saratoga Street and Dayton Avenue.”

Sincerely,

Ed Conley

SSBA President
