Saint Paul, MN 55101

Dear Mr. Fischbach,

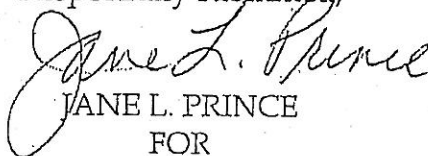

Three property owners have refused to sign the petition since Ms. Belisle initially sought their consent in August 2010. The following table details my client's good faith efforts to fulfill all petition requirements:

| Neighbor of 360 Clifton                        | Efforts to secure consent                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |

Please note that my client's efforts involved paying a lawyer and lobbyist to seek signatures from these neighbors, when they refused to talk to her. Through these representatives, Ms. Belisle conveyed her willingness to cooperate with her neighbors, and to be responsive to their concerns.

Respectfully submitted,

A handwritten signature in cursive script, reading "Jane L. Prince".
