**Subject:** 1694 Edmund Ave: Cornelius Brown Appeal

Hi AJ,

Cornelius Brown stopped by the office at 1:00 today to see if he could get an extension. He stopped by the ward 4 office on Friday afternoon. I *just* saw he had a re-inspection appointment for this morning – so I didn't ask him about it.

His deadlines in the Council resolution looked to be 5/30 for everything, except the painting, which is 6/30.

He will be meeting with the electrician Wed. morning and completing those items. He seemed confused about hard-wired versus other types of smoke detectors. I understand from Nhia that AJ went over this carefully in the hearing. Hopefully, he gets it now and the electrician will help. It looks like a fair number of items are electrical. I am recommending an extension on the electric-related items to Monday 6/6 and the balance of the items for 6/30. Does this email suffice, or does the department need a resolution? Thanks!

-Marcia
