The Saint Paul HREEO Commission seeks candidates with strong community involvement experience. Briefly describe your background that relates to the purpose and work of the Human Rights Commission. Include details of work and involvement in human rights and all work that might contribute to the mission of the Human Rights Commission.

I am currently working more on my community involvement in Saint Paul which is one of the main reasons I would like to serve on this board. I have been involved in community efforts regarding education for primary school students, access to nutritional food (Second Harvest), as well as holistic support for sustainability (Catholic Charities). I believe my involvement with the above stated non-profits and public entities display my devotion to equity, transparency, agility, and community.

Question applies to Human Rights and Equal Economic Opportunity

What do you see as crucial issues facing our community, and briefly explain why?

I believe one of the most crucial issues facing our community is equity. This lack of equity is visible through education attainment gaps among our children, employment and wage gaps among our residents, and institutionalized stigmas that prevent people of color from reaching their full potential and living a life of prosperity and sustainability.

Please describe your present and past community involvement which are applicable such as voluntary, social, city, church, school, business, and professional. Include dates of involvement, and any offices or leadership positions held.

Over my years as a residence of Saint Paul I have volunteered at several non-profit agencies that focus on holistic empowerment of people living in poverty. These non-profits include Catholic Charities, Second Harvest, as well as sporadic youth engagement at Rondo Library. I have also engaged the community in exercising their rights to vote by working as a head judge for Ramsey county.

As part of your duties as a HREEO Commissioner you may be called to serve on a panel regarding fair housing issues. Please describe your experience, if any, working on fair housing issues? Note: lack of experience will not preclude applicants from serving.

I have not had formal experience on a panel regarding fair housing practices but through self-education and experience with renting I have developed a keen awareness of Minnesota State Laws regarding renters and landlord rights.

List any skills, knowledge, or perspectives that would serve the Human Rights Commission's ability to meet its mission and further the work of its committees.

I have knowledge of fair housing practices, diversity, community need (at the resident and citizen level), and above all the need to collaborate and incorporate community on issues that impact us all.
