As one more way we look out for you, we've researched Bill Pay payments on your Huntington account that were never cashed. Your Bill Pay check payment issued to Waste Management St Paul on 01/16/2025 for \$63.18 was determined to be outstanding as of 05/13/2025.

Because this payment was outstanding for so long, Huntington has credited your account for the outstanding payment amount of \$63.18 and placed a stop payment on the Bill Pay to Waste Management St Paul for the same amount.

Please note that in the unlikely event that this payment is presented to Huntington before the stop payment is processed, or if we find that there was an error in processing this item, we reserve the right to issue you a notice to send the payment back to Huntington.

If you have any questions, please call us at (800) 480-2265. You can also visit any Huntington branch to speak with a banker.

Thank you for choosing Huntington. As always, we appreciate your business.
