In favor of the City Council's proposed 9-month interim protections to stop demolitions of the 41 Merriam Park  
 ated as historic and special during the City's 1981 historic resource survey, to keep them safe while the Heritage  
 sion completes its renewed and updated historic resource survey this year of all buildings within certain areas of  
 Merriam Park. I understand these interim protections would have no impact on new improvement projects in the 41 buildings,  
 just demolitions and lot split applications. And no impact on other structures.

**PETITION:** I am in favor of the City Council's proposed 9-month interim protections to stop demolitions of Park structures designated as historic and special during the City's 1981 historic resource and this will keep these buildings safe while the Heritage Preservation division completes historic resource survey during 2018 of all Merriam Park buildings in the study area. I further his interim protection would have no impact on new improvement projects or building additions for the 41 buildings, and apply only to demolitions or lot splits (rare), and have no impact on other Merriam Park buildings.

**PETITION:** I am in favor of the City Council's proposed 9-month interim protections to stop demolitions of the 41 Merriam Park structures designated as historic and special during the City's 1981 historic resource survey, to keep them safe while the Heritage Preservation division completes its renewed and updated historic resource survey this year of all buildings within certain areas of Merriam Park. I understand these interim protections would have no impact on new improvement projects in the 41 buildings, just demolitions and lot split applications. And no impact on other structures.

**PETITION:** I am in favor of the City Council's proposed 9-month interim protections to stop demolitions of the 41 Merriam Park structures designated as historic and special during the City's 1981 historic resource survey, to keep them safe while the Heritage Preservation division completes its renewed and updated historic resource survey this year of all Merriam Park buildings. These interim protections would have no impact on new improvement projects or building additions in the 41 buildings, just demolitions. And no impact on other Merriam Park houses.

**Benefits of historic designation for structures and districts:**

- On average, a national preservation expert/economist (Donovan Rypkema) has found that historic designation makes an area more appealing to homebuyers and increases property values 12%–15% over similar non-designated areas and properties (historic district successes include Summit Avenue, Irvine Park, Lowertown, and Dayton's Bluff).
- Keep a neighborhood's feel and scale intact and can control out-of-scale redevelopment.
- No requirements to change or upgrade a building's existing condition or exterior as a result of an historic survey or designation.
- Historic characteristics are reasonably preserved on a building's exterior with new projects; there is absolutely no impact on interior building projects.
- Preserves certain historic buildings, which are some of St. Paul's most important, irreplaceable assets.
- For some types of historic designation, tax incentives, grants, and other programs may be available for refurbishment projects.

Hi Scott,

My petition sheet has signatures from Pat and Ann Sweeney, Marcus (Marc) Cox, Dick Trotter, our house, and Chase (Chase forgot his electronic copy, so he signed our paper petition). I don't recall where it went after I handed it to Chase, so I've added Chase to this email because I'm willing to bet that his memory is better than mine.

1984 Carroll  
1996 Carroll  
1990 Carroll  
1996 Carroll

If it can't be found, it is not a big deal to recontact the people who signed.

Thanks,

Mark Morrow

Hi Mark & Cece,

Nice work last night before the City Council, well done. Today I was working to complete a packet of petitions for submission to the Council. Have you scanned/sent or dropped off the petitions signatures referenced above?

If not please bring it along on Saturday.

Scott VW

Hi Chase,  
Yes I will support your petition. I met your wife at the meeting at the MP library.  
I haven't heard any updates have you?

I will sign the petition hopefully later today or tomorrow

Thanks

Dan,

I know you are sometimes not home so I hope you don't mind my sending you a direct email.

Both of our houses are on the historic register for Merriam Park. May I ask for your support of the 90 day moratorium on demolitions and lot splits for Merriam Park — so as to allow the City of St. Paul to determine what other historic structures are in our community? Attached is my signed copy of the petition I'm hoping you will sign and return back to me in a day or two.

Yours truly,

...chase
