Subject: RAS

Councilman Tolbert,

I had spoken to Kathy Soderberg, manager of Sibley Manor apts, regarding the upcoming Public Hearing for RAS Ethiopian restaurant. She wanted to speak with her residents that live closest to the property and get back to me.

This is what she found out:

- overall they have been a little better
- Drunk people are still outside and wake up the closest neighbor and his family, he has had to go outside and ask them to move/quiet down numerous times -he has lived there since 2007
- lots of trash and empty beer bottles -not sure why so many beer bottles are outside
- they have a patio where people smoke -are there any restricted hours on it, because that would certainly help

Thank you for taking these comments into consideration.

Kathy
