Subject: fitzgerald's proposed patio

Mr. Fischbach and Ms. Schweinler

I am writing as a new owner of 404 Dayton Avenue. We look forward to development in the neighborhood that has the residents' concerns recognized...

With the proposal of an additional 100-180 seating on the patio...there will be parking and traffic patterns that need to be studied and addressed.

We also have questions regarding hours of operation, music, security, lighting, to name a few.

In short, we believe this request of Fitzgerald's should be scheduled to be heard where all matters of the area residents and adjoining businesses can be heard and addressed.

Please do notify us of any upcoming meetings.

Thank you,
Pauline Hanson
