

Side view of stockade fence.

Not in need of future repair.

824 FREMONT AVE EAST - SCHILLING

Side picket fence has
been painted and
repaired.

824 FREMONT AVE EAST - SCHILLING

Corner where Paula had last heart attack. The post in the foreground will be removed until it can be secured in place. Also shows work done on base of fence to keep it from collapsing.

824 FREMONT AVE EAST - SCHILLING

is this
a 4' deep?

Fence that has been replaced. Shows green treated lumber and shoring posts. This material is planned to replace current gate. Current gate has been secured with lock and bar on inside of fence.

824 FREMONT AVE EAST - SCHILLING

• Paula's Health

- August 1st Heart Attack
 - Left Side 95% Occluded
 - Per Cardiologist, full closure most likely caused by stress
 - Two stents placed
 - Has more in Right Side
- End of September
 - Paula went in to get date for second stents
 - Was seen by Cardiologist and was admitted that day
 - Three stents with one critical
 - If this one occludes "It's over"
- October
 - Paula went back into hospital.
 - Initial blood work showed elevated heart enzymes
 - Held overnight instructed to rest for two weeks as stents healed

Future plans

- | | |
|--|---|
| <ul style="list-style-type: none">• Replace current gate• Paint entry gates• Complete fence• Clean up construction materials• Replace roof on shed• Paint shed• Have hearts and hammers come in and restore house.<ul style="list-style-type: none">• This will commence in the spring | <ul style="list-style-type: none">• Evict current none paying residents<ul style="list-style-type: none">• Help with food and utilities• Find help to maintain yard• Remove one motorhome.• Keep a line of communications open with Inspections and Council Member Jane Prince• Keep Paula well |
