Hi Mai,

Can Jared, the general contractor, and I please be a call in for this hearing on March 28th between 10am and 12 noon?

Thx

Jared cell is 763-244-4380

Also, I reached out to Clint Zane and lvm for him today.

We are waiting on electricity to be set up at the property.
We need electricity in order for the heat to be turned on. Once the heat is turned on the plumber and everyone else can finish the work.

Here is the latest update on that from today:

“Update from James Symanski (651-279-3376), the designer for 1006 electric service project: the whole process will take about 3-4 weeks from today to fully complete, including having electricity finally turned on at 1006. So things are moving forward with getting the electricity working at this property.

A customer service packet should be emailed out to Palm Electric within the next few weeks. Once this is filled out and sent back to Xcel, then Xcel will contact St Paul Inspections to finalize the project.”

Thx
Jason
