**Subject:** TIF Funding Resolution

Hi Russ,

Nice running into you on the train the other day! I just wanted to send a general constituent comment regarding the Midway development and stadium and the TIF funding debate. I think the city should consider options for helping the development move forward successfully, and I'd encourage you to vote against Noecker's proposal to remove TIF as an option. I think doing so would undermine both the stadium and visions for improving the Midway area.

Thanks for all your good work for St. Paul!
