SUBJECT: Timing of Westgate Station Area Plan Update

**Timing of Station Area Plan**

Please note that accompanying memos and documents refer to an update of both the Westgate Station Area Plan and the Snelling Station Area Plan. Both updated plans had been recommended for approval by the Planning Commission on September 7, 2018, but the City Council approval process was delayed due to the development and approval of the citywide 2040 Comprehensive Plan and later the Covid-19 pandemic. Furthermore, the Snelling Station Area Plan update has been put on hold indefinitely due to ongoing work to update the Master Plan for the Snelling-Midway site. As a result, only the Westgate Station Area Plan update is presented for your review and approval.
