Dear Sir or Madam,

I hope this message finds you well. I am writing to formally contest the assessment issued by St. Paul City regarding the rubbish and garbage clean-up on my private property during the period of January 27 to February 7, 2025.

I believe there has been a misunderstanding or error in the assessment. During the specified time frame, I ensured that all rubbish and garbage were properly disposed of and the property was maintained in strict compliance with city regulations.

Furthermore, it is pertinent to highlight that we have neighbors who habitually dispose of trash in other residents' properties, particularly in the alley and behind garages. This recurring issue may have inadvertently influenced the erroneous assessment.

I have attempted to resolve this matter by contacting the city via phone (651-266-8585); however, my calls were not answered, and I left a voicemail detailing my contestation. Enclosed with this correspondence is the mail I received. I hereby formally request a comprehensive review of the assessment and a reconsideration of the charges levied. I am prepared to provide any additional information or clarification required to facilitate the resolution of this matter.

I appreciate your prompt attention to this issue and look forward to your favorable response.

Yours sincerely,

Jireh Mabamba
