There should be no service, consumption or display of any liq. without a license.

Thanks Kristina.

My question still is not answered.

IF a church group, who meets here monthly, without any charge, has members who bring liquor to the meeting – what do we do about that as it relates to a license.

Deb,

I have attached a portion of the State Stat. there is a limit per year for the amount of temp. licenses the church can have at that location. You will be getting a letter to outline that in the next day or so.

340A.401 LICENSE REQUIRED.

Except as provided in this chapter, no person may directly or indirectly, on any pretense or by any device, sell, barter, keep for sale, charge for possession, or otherwise dispose of alcoholic beverages as part of a commercial transaction without having obtained the required license or permit. Rental of or permission to use a public facility is not a commercial transaction for the purposes of this chapter.

Your welcome Deb. Is there anyone I should be talking to. I think this will be an on-going complaint.
