Subject: RE: License Hearing - Brunson's Pub - 956 Payne Ave

Think Before You Click: This email originated **outside** our organization.

OK. Thank you for clarifying, Greg.

While we understand that some of those who live nearby our business districts have parking concerns, we are also aware of the important role our businesses play in the life of our district and our city. More to the point, we know that the matter before the City here is a license, not a zoning matter so parking is not a relevant consideration for the license application. Moreover, we know that the City recently reduced parking requirements (something that PPCC heartily supported).

PPCC – District 5 supports the gambling license for Brunson's Pub. We know that the owners and staff of Brunson's will handle this responsibly.

Please do not hesitate to contact me if you have any questions or require further clarifications.

Please include this note in the files relevant to this application and the upcoming hearing.

Thank you,
Jack Byers
