Recommended Projects – 2015 Innovation Fund

Project Title and Description	Lead Organization	Project Stakeholders	Recommended Funding
<p><i>From Dialogue to Action</i> This project involves three tracks for cross-cultural dialogues among diverse groups of Saint Paul residents, staff of district councils and city departments. The purpose is to foster greater civic engagement among communities of color, and to support change efforts within city departments towards greater equity and understanding of diverse residents' experiences and perception of city government. Dialogues will focus on understanding diverse perspectives, building trust and reaching agreement about actions to be taken toward eliminating racial disparities in city/community interactions.</p>	<p>District 1 Community Council</p>	<ul style="list-style-type: none"> – Leadership and residents from District Councils 1,2,3,5 and 8, with opportunities for additional participation from additional district councils and other community-based organizations. – Saint Paul Police Department – Other city departments, as determined following consultation with the Mayor's Office. – Representatives from the Mayor's Office involved with racial equity work for City of Saint Paul. 	<p style="text-align: right;">\$33,900</p>
<p><i>Saint Paul Healthy Transportation for All: Professional Development for District Councils</i> This project builds on the Saint Paul Healthy Transportation for All convening held on October 25, 2014 by providing a series of professional development opportunities for District Council staff (as well as board and committee members, community members, and others as appropriate) around transportation, health, and equity issues.</p>	<p>Hamline Midway Coalition (District 11)</p>	<ul style="list-style-type: none"> – Leadership and residents from District Councils 1,2,3,11,13 and 14, with opportunities for additional participation from additional district councils and other geographically-based Saint Paul nonprofits. – Minnesota Department of Transportation – Minnesota Department of Health – Metro Transit – Ramsey County (Public Health and Transportation) – Saint Paul City Departments, as identified by project steering committee. – Allina Health – HealthEast – Blue Cross Blue Shield Minnesota – Center for Prevention – Additional transportation and public health organizations working in Saint Paul. 	<p style="text-align: right;">\$26,250</p>
		Total	\$60,150
