RE: City Council Public Hearing for Municipal Consent for I-94 expansion
City Council **Resolution PH 15-117** and State Project No. S.P. 6283-175

DATE: May 4, 2015

The Saint Paul Heritage Preservation Commission (HPC) respectfully requests that a City Council decision be delayed regarding municipal consent for the I-94 expansion and specifically for the extension of the sound wall along Mounds Boulevard (CC Resolution PH 15-117 and State Project No. S.P. 6283-175). This item is scheduled for a City Council public hearing on Wednesday, May 6, 2015. The HPC was first introduced to the sound wall extension project during their Business Meeting on April 9th and discussed the Dayton's Bluff Heritage Preservation District, the neighborhood's participation and the City's municipal consent processes.

We ask the matter be delayed at least until the HPC can consider and adopt a resolution regarding potential adverse impacts to the Dayton's Bluff Historic District which is scheduled for the HPC Business Meeting on May 14, 2015.

Thank you for your consideration of this request.
