Subject: Voice Mail (2 minutes and 24 seconds)

My name is Michael Martin. I live at 704 Delaware Avenue, Saint Paul, 55107. This is my only means of communication. This is a flip phone. I have no computers or any other electronic stuff so. This is about an appeal about the seal coating that was done a few years ago. Up to this point, I've been making monthly payments to the city on the over \$700.00 an assessment fees. I think I got it down to a little over \$200 right now, but what I want to do is appeal the assessment in the alley. I live on the corner of Delaware and Page. I have no problem paying the fees for Delaware and Page, but I've been living here for over 40 years and I've never used the alley. I don't need access to the alley. I don't need the alley. I've never needed the alley. My garage faces Page Street; my trash and recycle are put out on Page Street never in the alley. I don't feel that it's fair that I have to pay for the alley assessment. I'm even willing to take pictures and bring them down to City Hall and send them to you to show you where my garage is in reference to the alley, and where my trash and recycle is put. I sure would like to see that \$217.50 go away on the assertions. Telephone number is 651-269-5359 alright. Thanks for listening. Hope to hear from you soon bye.
