Subject: The Lex Club's Consumption Display permit

Greetings,

My name is Emily Alewine and I am resident of St. Paul. I am writing to express my support for the The Lex Club's Consumption Display permit. The owners and management have taken it upon themselves to preserve, and better, a neighborhood entity that no one else seemed to care enough about to do anything productive. The Lex has the potential to be a unifying facet within a neighborhood that greatly needs it.

I urge you to look beyond the sorted past that the building has had, and look to a future where this building/business can act as a model of how to reunify a community from within.

Warm Regards,
Emily Alewine
