Revocation of Fire Certificate of Occupancy and Order to Vacate

RE: 383 MICHIGAN ST
Ref. # 16991

Dear Property Representative:

Your building was inspected on February 22, 2016, for the renewal of the Certificate of Occupancy. Since you have failed to comply with the applicable requirements, it has become necessary to revoke the Certificate of Occupancy in accordance with Section 40.06 of the Saint Paul Legislative Code. **A re-inspection will be made on or after March 22, 2016 or the property vacated.**

The Saint Paul Legislative Code further provides that no building shall be occupied without a Certificate of Occupancy. Failure to immediately complete the following deficiency list or the building vacated may result in a criminal citation.

DEFICIENCY LIST

1. **605 7th St W - Restaurant - SPLC 40** - Uncertified portions of the building must not be occupied until inspected and approved by this office. - *Contact Fire Inspector at (651)266-8986 to obtain inspection and approval of the vacant restaurant suite formerly occupied by Glockenspiel prior to re-occupancy.*
2. **Exterior - Rear Fire Exit Stairway - SPLC 34.32(2), MSFC 1027.23** - Repair or replace the unsafe stairways, porch, decks or railings in an approved manner. This work will require a permit(s). Call DSI at (651) 266-8989. - *Replace unsound exterior stairway in an approved manner. Guardrails, decking and supports have significant deterioration and stairway is not supported in an approved manner. This stairway is a required 2nd exit from the 2nd floor assembly hall.*
3. **Exterior - Rear Fire Exit Stairway - MSFC 1028.3** - The means of egress must be kept free from obstructions that would prevent its use, including the accumulation of snow and ice.

An Equal Opportunity Employer

4. **Permits - SPLC 33.05** - Multiple trade permits related to recent work at the property are still open at this time. Make corrections as necessary for the permitted work and contact DSI at (651)266-8989 to obtain inspection and approval.

Open Permits:

14-329397 BS - Sign

15-162614 BS - Sign

15-171854 E - Electrical

15-038246 E - Electrical

13-166111 E - Electrical

09-260032 E - Electrical

15-127197 W - Ventilation

Saint Paul Legislative Code authorizes this inspection and collection of inspection fees. For forms, fee schedule, inspection handouts, or information on some of the violations contained in this report, please visit our web page at: <http://www.stpaul.gov/cofo>

You have the right to appeal these orders to the Legislative Hearing Officer. Applications for appeals may be obtained at the Office of the City Clerk, 310 City Hall, City/County Courthouse, 15 W Kellogg Blvd, Saint Paul MN 55102 Phone: (651-266-8585) and must be filed within 10 days of the date of this order.

If you have any questions, email me at: mitchell.imbertson@ci.stpaul.mn.us or call me at 651-266-8986 between 7:30 - 9:00 a.m. Please help to make Saint Paul a safer place in which to live and work.

Sincerely,

Mitchell Imbertson
Fire Inspection

March 3, 2016

City of St Paul

Office of City Clerk

Subject; Revocation of Fire Certificate of Occupancy and Order to Vacate

Ref; # 16991

To Whom it may concern;

Attached please find a copy of the Application for Appeal for the above subject. We are considering two possible approaches bring our situation into compliance. The first would be to contract with a supplier of a stair tower like as shown on page 2, which are used during construction phases of buildings. This could be used immediately and until the work is approved and completed.

The second would be to contact all approval agencies, including the Historical compliance people, and get approval of the city etc., to construct a fire escape, porch and all, which would meet approval of all that have approval authority in these matters.

We will be providing more information as we complete out approach/plans for the building repairs/rebuild.

If there are further immediate questions, I can be reached on my cell phone, 612-695-7158 or by e-mail at eahamernik@gmail.com.

Regards ,

Edward Hamernik

Fast Erecting Stair Towers

*Page 2
Letter To City
of St Paul
Dated 3/2/2016*

For reference only

Get crew and supplies up or down to the work level on Systems™ Scaffold temporary stair towers and access structures. You simply combine standard components with stair units to erect towers in a wide variety of landing options and stairway widths.

Start With The Basics

- Level the base with screw jacks and starter collars.
- Erect the scaffold using vertical posts, horizontal members and diagonals, forming the basic shape.

Stair Units And Handrails

A choice of either steel or lightweight aluminum 11¼ in.-wide stair unit modules fit side-by-side (minimum two units) to build the stair widths you require.

- Stringer clips assure side alignment, and stair fillers complete each level for ready access.
- Galvanized steel and aluminum stairs have non-skid surfaces for sure footing.
- Wood or steel planks are used to deck the landings in varying widths to suit your requirements.
- Standard 7 ft. vertical diagonal members are used as handrails.
