Does anyone monitor parking during farmer's market hours? This is ridiculous! I can't even get out of my garage of the building I live in half the time because people park in a NO PARKING area and either block the door or block the site lines for oncoming traffic. I spoke with the building manager and he told me that he and a few other residents have submitted complaints as well as called but all that was told to him was to call the dispatch number and they would send someone out. I've done that 2 hours later still nobody stop out to address this. You have signs posted that say no parking and you have police at the farmer's market why do they not enforce the laws?

cars park blocking access to the parking garage

12/12/2006	06 285061	Closed	CS - CSO Complaint - Exterior - Complaint	The pigeons, and their droppings, in the neighborhood are a nuisance and public health concern. I live on the corner of Wall and 5th streets in Lowertown and the pigeon droppings are concerning to me. Not only is it aesthetically unpleasing to see poop all over the sidewalks, it is unsanitary. When it rains, the sidewalks become extremely slick because of the droppings, which is unsafe as well. The southeast corner of 5th and Wall (by the parking ramp) seems particularly bad. Please take care of the situation. In the short term, please clean the sidewalks on a regular basis. On the long term, please take care of the pigeons. Thank you for your
