Nhia,

Per your request, I reviewed the plans for the above referenced with DSI Zoning Site Plan Review staff (Tia Anderson) and neither of us saw any notation on the plans of an easement on the above referenced property of the nature that was mentioned at Monday's Legislative Hearing.

It could be they were thinking about infrastructure running in the public right-of-way. My understanding is that was taken into consideration when the type of tree was chosen to be planted in the public right-of-way and any other landscaping to be located on the property.

Thanks,

Jeff Fischbach
