This is a letter of support for the sound variance requested for the 2015 Twin Cities Jazz festival. The Cosmopolitan Apartments on Mears Park are great supporters of the Twin Cities Jazz Festival.

We understand this is needed to maintain the festival at the level it's been for the past 11 years, which we totally support.

The Twin Cities Jazz Festival has showcased the beauty of Lowertown by bringing thousands of visitors to our neighborhood. This has been great for business and residence and we appreciate this event greatly!

Thank you,

Ardennia Fentress,
