Dear Mayor & City Council Members:

The **Preserve and Benefit Historic Rondo Committee** has met and deliberated on Council Member Carter's amendments to proposed changes regarding the Central Corridor Zoning Ordinance. While concerned there was no agreement on each of our height/density recommendations, we nonetheless believe this policy action to be a step in the right direction and therefore support his zoning amendments. Thank you all for hearing our concerns within this past week as we will speak in favor of the zoning amendments at today's hearing and look forward to your support as well.

On behalf of the Rondo Committee,

Veronica Burt - JUST Equity, Public Policy Advocate/Cultural Organizer - ([univaveequity@yahoo.com](mailto:univaveequity@yahoo.com)) - Member of the Preserve and Benefit Historic Rondo Committee: "Revitalization without Displacement - Lifting people out of poverty and not out of the neighborhood"
