L Remarks: Fire on the second floor, Charlie side, of an apartment building. First on scene and in initial command was Engine 20. A report of a person inside the building was received per Dispatch. Engine 20 pulled a hose line for fire attack and performed a quick hit from the outside, forced the Charlie side door, and a 2nd floor door. Engine 14 pulled a back up hose line and Squad 2 performed a search on the fire floor. Ladder 23 put their aerial to the roof and Engine 23 gained a water supply. Ladder 18 performed RIT duties. District Chief 1 arrived and assumed command. District Chief 2 arrived for Safety officer. One person removed from the building. Car 50-EMS Coordinator and Car 5-Deputy Chief arrived for support of the scene. A high content load was reported, slowing fire suppression. A balance of the alarm (for additional fire companies) was called for man power needs. Engine 10 arrived for possible support of another water supply due to a bad hydrant on scene. The Fire Marshal, Car 20-Fire Investigator Blank, and DSI were requested and arrived on scene. The building owner also responded. Board up enroute per Dispatch. Engine 4 responded to the scene not Medic 4 per this report. They were put back in service on arrival. Squad 1 aided the scene with SCBA bottles.
