Subject: Support for Wabasha Bikeway Route
Date: Wednesday, May 5, 2021 6:06:04 PM

>> Council President Brendmoen and Members of the City Council ,

>>

>> My name is Sher O'Neill. My husband, Hampton O'Neill, and I are part-owners of the Hamm Building, 408 St. Peter Street in St.Paul.

>>

>> We strongly support the Capital City Bikeway being located on Wabasha Street, as is being recommended by the St. Paul Public Works Department. Wabasha Street is the best Bikeway Route for bicyclists coming to downtown, trying to cross the river at Wabasha Street, and for businesses, employees and residents working and living downtown St. Paul .

>>

>> The St. Peter Route that had been considered and rejected by the Public Works Department would have had a very negative economic impact on the many thriving restaurants and street level retail and entertainment businesses along St Peter, directly negatively affecting the Hamm Building and its tenants.

>>

>> We would respectfully request that at the meeting currently scheduled on May 12th, the City Council support the Resolution locating the Capital City Bikeway on Wabasha Street as recommended by the St. Paul Public Works Dept .

>>

>> Thank you for your consideration.

>>

>> Sincerely,

>>

>> Hampton and Sher O'Neill

>>
