Subject: fare increase

I don't think it is wise to raise the minimum fare to 8 dollars and if they do decide to raise it to that make sure we don't have to charge the minimum if we don't want to. Like I said last night to get to 5 dollars on the meter you only have to go 1 mile. If you provide good service most people tip. If the minimum is too high customers will complain. The drivers will make up for short fares with the \$2.75 rate.
