Spoke to PO regarding no collection since September 2025, confirmed collection days and service location.

Sending ticket to billing manager for potential credit of no service since 9/2025.

Sending ticket to cart specialist as PO states there is only one 35 gallon at property - add cart sharing ticket as well. Please remove 64 gal from records.

Creating zuper jobs for haulers to confirm collection will occur moving forward - emailed greg for STP routes & created 'make sure' job for eureka

Internal note

Ticket intended for cart sharing, UDRF hold made most sense for PO recordkeeping/email. Either would be applicable, see notes above.

No cart to remove - PO only has one 35 gallon at property.

Internal note

Removed the 64 gal cart from the Q2 bill for now. Asked PW Supervisor to have crew verify carts in a different ticket [#1752819](#)
