Hello,

We live at 1769 Hillcrest Ave, Saint Paul MN 55116. We are located right behind 1758 and 1780. We have ran into issues with construction vehicles trying to enter the lots from the alleyway right behind our house. I just want to make sure that construction vehicles will be entering from the street or they will widen the fence opening so they don't run into issues with hitting our fence/ vehicles when turning wide.

Thank you,

Residents at 1769 Hillcrest Ave.
