Subject: Neighbor Opposition to Handsome Hog License Application
Date: Monday, June 17, 2024 6:46:07 PM

Hello!

I am writing to oppose this business being allowed to expand their license. They have been awful members of our community, with extremely loud music playing late into the night, and loud bar customers being served until long after what it says in the mailing. The Handsome Hog management has never once honored a request to turn down the music, even when it is blasting on the patio after 2:00AM. It sounds like my neighbors have also had problems dealing with their management for many years.

If the Handsome Hog is not willing to honor their current restrictions, and have a huge negative impact on our community, why should they be allowed to stay open even later?

License number: 2024000068

Thanks for your time,
Laura
