What Information Do We Collect?

When you visit our website you may provide us with two types of information: personal information you knowingly choose to disclose that is collected on an individual basis and website use information collected on an aggregate basis as you and others browse our website.

1. Personal Information You Choose to Provide

Registration Information. You will provide us information about yourself, your firm or company, and your practices when you register to be a member of "uscad.com"; "orangeblade.com"; "onlineuniversity.uscad.com"; "uscad.com/customerportal"; register for certain services or register for email newsletters and alerts. Email Information. If you choose to correspond with us through email, we may retain the content of your email messages together with your email address and our responses.

2. Website Use Information

Similar to other commercial Websites, our Website utilizes a standard technology called "cookies" (see explanation below, "What Are Cookies?") and Web server logs to collect information about how our Website is used. Information gathered through cookies and Web server logs may include the date and time of visits, the pages viewed, time spent at our Website, and the Websites visited just before and just after our Website. We, our advertisers and ad serving companies may also use small technology or pieces of code to determine which advertisements and promotions users have seen and how users responded to them.

3. Comments

When visitors leave comments on the site we collect the data shown in the comments form, and also the visitor's IP address and browser user agent string to help spam detection. An anonymized string created from your email address (also called a hash) may be provided to the Gravatar service to see if you are using it. The Gravatar service privacy policy is available here: <https://automattic.com/privacy/>. After approval of your comment, your profile picture is visible to the public in the context of your comment.

4. Media

If you upload images to the website, you should avoid uploading images with embedded location data (EXIF GPS) included. Visitors to the website can download and extract any location data from images on the website.

How Do We Use the Information That You Provide to Us?

Broadly speaking, we use personal information for purposes of administering our business activities, providing customer service, and making available other products and services to our customers and prospective customers. Occasionally, we may also use the information we collect to notify you about important changes to our Website, new services and special offers we think you will find valuable. You may notify us at any time if you do not wish to receive these offers by clicking the "Unsubscribe" link in one of our messages or by emailing us at info@uscad.com.

What Are Cookies?

A cookie is a very small text document, which often includes an anonymous unique identifier. When you visit a Website, that site's computer asks your computer for permission to store this file in a part of your hard drive specifically designated for cookies. Each Website can send its own cookie to your browser if your browser's preferences allow it, but (to protect your privacy) your browser only permits a Website to access the cookies it has already sent to you, not the cookies sent to you by other sites. Please note that if you are browsing in a private session any forms that you submit on the site may not be received.

Which U.S. CAD Programs Might Use Cookies?

U.S. CAD has contracted with recognized industry leaders for website management and analytics including software companies: Google, SalesLoft, NetSuite, Act-On and Cardinal Path. These companies maintain their own strict privacy policies.

If you leave a comment on our site you may opt-in to saving your name, email address and website in cookies. These are for your convenience so that you do not have to fill in your details again when you leave another comment. These cookies will last for one year.

If you visit our login page, we will set a temporary cookie to determine if your browser accepts cookies. This cookie contains no personal data and is discarded when you close your browser.

When you visit our website, we will place a cookie on your device to enhance your navigation, improve site usage, and assist in our marketing efforts. You may opt-out of all cookies if you wish, but this may affect site functionality and our ability to deliver a personalized experience.

We use cookies on our website to give you the most relevant experience by remembering your preferences and repeat visits. By clicking "Accept", you consent to the use of ALL the cookies.
