You don't often get email from hbradford@saturdayproperties.com. [Learn why this is important](#)

Think Before You Click: This email originated **outside** our organization.

Hello Luis,

This was the email I've been meaning to send the past few days but was given the wrong email address. I didn't directly fill out the skyway hours application because I don't believe this request is changing skyway hours. This request is to close doors leading into a business. We're new to managing the Degree of Honor Apartment building and had a question regarding the access to the building from the skyway common area. We were told that the doors leading to the apartment building from the common area past Skyway 33 had to be open from 6am to Midnight which I can understand because this hallway was used as a passthrough to Skyway 43 and the ramp on the other end of the hallway. However, Skyway 43 and the ramp on the other side of the building has since been condemned.

With that in mind, we're at the end of the operable skyway system and are asking that we could keep our doors into the building locked at all hours of the day until Skyway (#) and the parking ramp are operable again. We have no concerns with keeping the doors from Skyway 33 into the common area unlocked at all times of day. If you have any questions, feel free to give me a call at [REDACTED] or I can be available anytime to look at it in person with you.

Thank you,
Hunter.
