

Saint Paul Public Schools Community Eligibility Provision (CEP)

The Community Eligibility Provision (CEP) is a non-pricing meal service option for schools and school districts in low-income areas. CEP allows the nation's highest poverty schools and districts to serve breakfast and lunch at no cost to all enrolled students without collecting household applications. Instead, schools that adopt CEP are reimbursed using a formula based on the percentage of students categorically eligible for free meals based on their participation in other specific means-tested programs, such as the Supplemental Nutrition Assistance Program (SNAP) and Temporary Assistance for Needy Families (TANF).

Saint Paul Public Schools participates in the Community Eligibility Provision (CEP) program. That means every student who is enrolled at a participating school will receive a healthy lunch at no cost.

Here is a list of the 41 CEP schools:

- AGAPE High School
