Re: 35 Winthrop Street North- Illegal Driveway Expansion

ENFORCEMENT NOTICE

Property Owner:

A complaint was received regarding a driveway expansion at the above referenced address. This property is located in a R2 zoning district. During an inspection of the property, the following was observed: **A new parking pad was installed in the required front yard that violates the following provisions:**

Sec. 63.312. - Setback.

Except as otherwise provided in section 66.442(a) or section 66.431(b) off-street parking spaces shall not be within a required front or side yard and shall be a minimum of four (4) feet from any lot line.

Sec. 63.316. - Paving.

For one-family through four-family dwellings and townhouses, driveways that access a public street in front yards shall be no more than twelve (12) feet in width, except that a driveway may be up to four (4) feet wider than the garage door within 30 feet of the garage door.

§ 63.202 and 34.08 of the Saint Paul Legislative Code require that a site plan be submitted and approved before you may pave or create new off-street parking.

In order to bring this property into Zoning compliance you must:

- Apply for a zoning variance by October 28, 2019. Zoning variances are not guaranteed and a nonrefundable filing fee of \$442.00 is required for a minor variance at a single-family property. If the zoning variance is approved by the Board of Zoning Appeals, the parking pad may remain.

OR

- Remove the excess paving and submit a site plan for the revised driveway to my attention prior to October 28, 2019.

Failure to comply with this order or repeat violations will result in further legal action by this office, including criminal citations to all responsible parties and potential summary abatement proceedings.

I have enclosed a zoning variance application and information packet. You may appeal this order and obtain a hearing before the Board of Zoning Appeals. To appeal, an application for an appeal must be filed and the fee (\$547) submitted to the Zoning Administrator within ten (10) days of the date this order was mailed. No appeal may be filed after that date. Applications are available at the Department of Safety & Inspections' main office or on the City of Saint Paul's website (<http://www.stpaul.gov>). If you have any questions or concerns regarding this matter, you may contact me at 651-266-9088 or david.eide@stpaul.gov.

Sincerely,

David Eide
Zoning Inspector

BOARD OF ZONING APPEALS INFORMATION

The Board of Zoning Appeals (BZA) is a forum for public discussion. The board members are appointed by the mayor with the consent of the City Council, is comprised of private citizens who live in the City. Any questions about the process can be directed to the zoning administration office at 651-266-9008.

The board meets on Mondays, every other week. All items to be placed on the agenda must be submitted at least three weeks prior to the hearing date. **The public hearing is held at 3:00 pm in Room 330 of the City Hall/Courthouse.** The applicant or their representative needs to attend the hearing.

The board hears **two types of requests:** *Variances and Appeals of Administrative Decisions.*

VARIANCE REQUESTS

The BZA and the planning commission shall have the power to grant variances from the strict enforcement of the provisions of this code if they determine that all of the ***required findings*** listed below are met:

Required findings:

1. The variance is in harmony with the general purposes and intent of the zoning code.
2. The variance is consistent with the comprehensive plan.
3. The applicant has established that there are practical difficulties in complying with the provision and that the property owner proposes to use the property in a reasonable manner not permitted by the provision. Economic considerations alone do not constitute practical difficulties.
4. The plight of the landowner is due to circumstances unique to the property not created by the landowner.
5. The variance will not permit any use that is not allowed in the zoning district where the affected land is located.
6. The variance will not alter the essential character of the surrounding area.

In granting a variance, the board or commission shall make written findings stating the grounds upon which the variance is justified. Inadequate access to direct sunlight for solar energy systems constitutes a practical difficulty in finding three (3) above.

APPEALS OF ADMINISTRATIVE REVIEW

The BZA has the authority to hear and decide appeals where it is alleged by the appellant that there is an error in any order, requirement, permit, decision or refusal made by the Zoning Administrator in carrying out or enforcing any provision of the zoning code. Applications must be filed within 10 calendar days of the action being appealed.

FILING INFORMATION

The following must be submitted to the Zoning Administration, 375 Jackson Street, Suite 220, Saint Paul, MN 55101:

1. A filing fee.
2. An application form.
3. A site plan drawn to a legible and verifiable scale. Elevations and floor plans drawn to scale including the amount of glazing shown may be required, including for all new residential dwellings and additions.
4. For setback variances, the property lines must be verified by a survey or stake.
5. A letter stating why the applicant believes an error has been made (for an Administrative Review only).

When a zoning application is submitted for a development that has been built or started without required city permits, a penalty will be assessed. The penalty is double the filing fee, up to \$1,050.

Fee Schedule for Variances and Appeals:

Minor variance: \$442.

*A modification of a provision regulating a **one-family detached** dwelling and pertaining specifically to construction of a fence, a deck, a swimming pool, an accessory building, or an addition to the main building when the addition is not to convert the building for use by more than one (1) family.*

Major variance

New Single Family Dwelling: \$547

Duplex: \$547

Multi-family Residential: \$589

Commercial, Industrial, Institutional: \$856

Appeals

An appeal of decision made by the Zoning Administrator (Administrative): \$547

An appeal of a decision made by the Board of Zoning Appeals: \$462

PUBLIC HEARING NOTIFICATION

All property owners within 350 feet (100 feet for minor variances) of the subject site as well as the Citizen Participation District Council are notified by mail at least 10 days prior to the public hearing. It is suggested that the applicant contact the community organizer for the Citizen Participation District Council prior to the variance hearing to see if they want to discuss the matter at one of their meetings. Anyone may submit a letter, petition, etc., or appear at the hearing to give verbal testimony about the case, either in support or in opposition. The zoning administration staff prepares a staff report for each case and makes a recommendation to the BZA for approval or denial of the requested variance, a copy of which is sent to the applicant before the hearing.

TIME LIMIT

Once a variance is granted by the BZA, an applicant has two (2) years to establish the use. The Zoning Administrator or Planning Administrator may grant an extension not to exceed one (1) additional year.

APPEALING A DECISION MADE BY THE BOARD OF ZONING APPEALS

A decision made by the BZA may be appealed by anyone affected by such decision to the City Council within 10 calendar days following the serving of the resolution to the applicant. The reason for the appeal must be submitted in writing to: Zoning Administration, Department of Safety and Inspections, 375 Jackson Street, Suite 220, St. Paul, MN 55101. The required filing fee is \$462.
