Subject: Inspection Request

The following inspection request was submitted on 30 Nov 2021 09:47:

Owner Name: SCOTT EVANS WERGIN
Address: 1340 SEARLE ST

Property Type: single-family

Other: Boarded windows and illegal burning
Situation Description: Companies have been called to this single family dwelling numerous times for illegal burning. The homeowner uses his fireplace to burn trash. Today he was burning a chair and the fire got out of control and almost started the living room on fire before being extinguished by Engine 4. All of the widows are boarded up and there are no rear steps to access the house. There is very limited ways to access the house and there is a very real concern about homeowner safety with the limited access and illegal burning.

Name: Andrew Vorlicek
Rank: Fire District Chief
Company: Chief 3
