Subject: CVS Snelling

You don't often get email from mcmah131@gmail.com. [Learn why this is important](#)

Hello,

I've been a resident of the neighborhood since 2012 and even before I moved here i had experienced the drain of the CVS on the area. There is constant loitering, trash, and crime. Other than putting up a fence CVS has done very little to mitigate these issues or contribute to the community in any meaningful way.

It is a shame that this boarded up building stands in THE busiest intersection in state when instead the corner should reflect the vibrant, lively neighborhood that I love.

Please take action to hold CVS accountable and ensure that the building is demolished opening opportunities for other vendors or community spaces.

Thank you,
Mariah McMahon
