Ms. Perry

Sorry I did not get to speak to you earlier. I am emailing so you will have written record for your hearing.

Since our last conversation here is what has happened:

I did get all the documents I believe we need to get your file completed.

I uploaded them to E-Record (electronic recording) – believing this would be the quickest way to get everything done. Even after following the instructions I was given by the county the documents were "rejected":

Subject: ePrepare package Perry has rejected in Ramsey, MN

I have now obtained a check and have sent the documents via FEDEX directly to Molly Lekander in the Ramsey County Torrens Office. I am hoping since she was the one who assisted me these will get recorded.

Please use this email so the people involved in your hearing know we are doing everything possible to get this situation resolved. Please feel free to have them contact me if need be.

Ms. Perry,

I have received an answer from Nate's office in Ramsey County and now have better instructions on how we can handle getting everything taken care of for you.

I will be sending the documents out for recording via FEDEX today and hope to have everything back next week.

I will be out of the office Monday through Thursday next week for a conference but both Tarah and Floy (copied on this email) are aware of what is going on so they will be here to "back me up" and get the process finished if the documents do come back while I am out.

Please feel free to call any of us if you have any questions!
