The purpose for the walk through was to discuss items on the list that required clarification. The following is an addendum to the Code Compliance list dated December 22, 2010:

- Elevate grade to be flush with top of new Retaining Wall
- Seed/Sod areas needing ground cover
- Repair chimney and flashing of chimney
- Re-roof “eyebrow” in front of house
- Repair holes in siding on east side of house
- Repairs of soffit/Fascia not corrected/complete
- Paint exterior soffit/fascia siding as needed
- Front Storm Door: Add trim to bottom to seal door to floor
- Tempered/ safety glass needed for glazing next to storm door
- Repair ceramic tile in both bathrooms (new fixtures installed without addressing backing of ceramic tile or repairing ceramic tile
- Kitchen on 2nd level must be removed or submit plans for laundry room

GARAGE:

- Handle-set required on man-door
- Replace bad siding/trim – paint as necessary
- Remove masonry debris along garage
- Enclose soffit/fascia

- Replace rotted sill plates/studs – submit design for repairs before starting work
- East wall bows out - submit design for repair before starting work
- Beams deflect above overhead door and at middle of garage
- Remove all material above joists
