Re: License Condition and Site Plan Compliance Deadline – 290 Larch St.

Mr. Vojtech,

In response to a Notice of Intent to Suspend License dated April 1, 2016 you indicated to the Department of Safety and Inspections (DSI) your intention to bring your licensed premises at 290 Larch Street, St. Paul MN 55117 into compliance with the associated license conditions and approve site plan. Your request to be provided until May 31, 2016 to complete the work required was approved subject to your submittal of a signed proposal from a paving contractor of which I have now received.

A re-inspection of your licensed premises will take place on or after June 1, 2016. If your licensed premises are not fully compliant with all license conditions and the entire approved site plan at that time DSI will reinitiate its recommendation to indefinitely suspend your Auto Repair Garage license.

Questions regarding this letter can be directed to me at (651) 266-9132
