Mai,

Here are the bills and the letter. The meter was working. The issue is water was leaking out of the meter due to the damage. You won't see any reading issue. This is all related to the cost of the frozen/damaged meter.

Hi Mai, Can you get the last year's worth of bills and letters ? I'm looking to see if we can tell when the water meter stopped working – per the bills and letters. Hopefully one of those documents includes the specific meter replacement charge. Thanks, Marcia
