

**I SUPPORT THE GREENWAY!**

I support the extension of the Minneapolis Midtown Greenway, across the Mississippi River into Saint Paul and along the CP Rail line to Cleveland Avenue and preferably to Ayd Mill Road. I also support Mayor Melvin Carter's proposal to convert the eastern two lanes of Ayd Mill Road into a bicycle and pedestrian trail. All of the above are part of the Saint Paul Bikeways Plan, Ramsey County's Pedestrian & Bicycle Plan, and multiple District Council plans. I urge you to make these plans a reality by supporting the mayor's Ayd Mill proposal and efforts to extend the Midtown Greenway into Saint Paul.

2020 Budget Comments:

- ① What is the "median value home" in ST PAUL?
- ② Why not leave minimum wage enforce -  
ment to private attorneys?
- ③ Why spend \$750K to charge high end  
electric vehicles? Why not leave it to the  
private sector?

2020 Budget Comments:

During the presentation, there is a helpful slide that outlines the change in property taxes for the average home. Since the city is about 50% renters, it would be helpful to see the change in prop. taxes for the average multi-family building. →

2020 Budget Comments:

How much are bicyclists paying to have so much territory in our city set aside for their exclusive use? Who pays for the paint + other maintenance?
