The Council resolution, which is on for public hearing Wednesday (18<sup>th</sup>) evening gives the 20<sup>th</sup> as the deadline for compliance with everything or vacating the property. They can come to testify to get a different outcome, or this is the way it will go through.

Hi, I did a home visit on 3/3.2015. Lots of chaos. Mary Lou has decided to either leave the property or sell it. I called her today and she isn't sure what she is going to do. Both daughters are looking for other places. Mary Lou says she may stay at the house if they move out-tired of babysitting them. Nancy is still with Nate. I think the dad is getting out of jail in April. Kay
