Staff Comments

A medium sized garbage cart holds 4 to 5 bags. The PO was billed for 5 or less bags most days. There were two days when the PO was billed more than 5 bags, so I recommend removing 5 bags from both of those days. This brings the bag count from 46 bags down to 5 bags.

Hearing Needed to remove bags

Jillian Barden June 10, 2026 at 2:59 PM

Hi Mark

Thank you for reaching out about your Q4 2025 garbage invoice. In order to correct the billing, I have to take it to a legislative hearing, which will be in mid August. You are not required to attend, however I cannot promise or guarantee an outcome. If you decided to attend, it would be by phone.

A medium sized garbage cart holds 4 to 5 bags. Looking at the charged you were billed for 5 or less bags most days, so it makes sense to remove all charges of 5 or less. There were two days you were billed more than 5 bags, so I will recommend removing 5 bags from both of those days. This will bring your bag count from 46 bags down to 5 bags.

Let me know if you agree with this logic. It is the same logic I used on your Quarter 1 2026 billing adjustment.

Thank you,

Jillian
